

Marcus Thompson

Data Scientist

Email: marcus.thompson@email.com | Phone: (555) 901-2345

Location: Chicago, IL | GitHub: github.com/marcusthompson

PROFESSIONAL SUMMARY

Data Scientist with 4 years of experience in statistical analysis, machine learning, and data visualization. Strong background in Python, R, and SQL with expertise in building predictive models and extracting business insights.

TECHNICAL SKILLS

- Programming Languages: Python, R, SQL
- Machine Learning: scikit-learn, pandas, NumPy, matplotlib
- Data Analysis: Statistical modeling, hypothesis testing, regression analysis
- Databases: PostgreSQL, MySQL, MongoDB
- Visualization: Tableau, matplotlib, seaborn, Plotly
- Cloud: AWS (basic), Google Cloud Platform
- **Tools: Jupyter, Git, Docker**
- Other: A/B Testing, Time Series Analysis

PROFESSIONAL EXPERIENCE

Data Scientist | AnalyticsCorp | 2020 - Present

- Developed machine learning models for customer segmentation and churn prediction
- Analyzed large datasets to identify trends and patterns
- Built predictive models using Python and scikit-learn
- Created interactive dashboards and reports using Tableau
- Collaborated with business teams to define analytics requirements
- Presented insights to stakeholders and management

Data Analyst | DataInsights | 2018 - 2020

- Performed statistical analysis and data mining on customer data
- Built regression models and conducted hypothesis testing
- Created data visualizations and reports for business users
- Worked with SQL databases and performed data cleaning
- Assisted in A/B testing and experimental design

Research Assistant | University Lab | 2017 - 2018

- Conducted statistical analysis for research projects
- Used R and Python for data analysis and visualization
- Assisted in writing research papers and reports
- Gained experience with experimental design and statistical modeling

EDUCATION

Master of Science in Data Science

University of Chicago | 2016 - 2018

Bachelor of Science in Statistics

University of Illinois | 2012 - 2016

GPA: 3.7/4.0

CERTIFICATIONS

- Google Data Analytics Certificate

• Tableau Desktop Specialist

- AWS Cloud Practitioner

PROJECTS

- Sales Forecasting Model: Built time series model with 85% accuracy
- Customer Segmentation: Developed clustering algorithm for marketing
- A/B Testing Framework: Created statistical testing methodology
